

UMANG GLOBAL GROUP

Core Expertise

At Umang Global, our customers' success drives everything we do. Through targeted solutions and value-driven services, we help our clients transform their businesses and achieve their goals.

Our Services Include:

Contract Manufacturing

3 manufacturing plants around Mumbai to fulfil customer needs.

Research & Development

R&D is the process of researching your market and needs in order to generate new and improved products.

Engineering - Machines

We have high-tech manufacturing machinery for a variety of purposes. Our in-house manufacturing benefits customers by efficiently customising their needs.

Scalable Solutions

Customization/solutions based on customer specifications.

Worldwide Distribution Network

Our Go-To-Market strategy with our worldwide distributors.

Key Segments

NEUTRAL SPHERES

NUTRACEUTICALS & FOOD

ENGINEERING &
PHARMACEUTICALS

PERSONAL CARE

PET CARE

Neutral Spheres

Neutral spheres are inert, spherical pellets composed of various materials, such as microcrystalline cellulose (MCC), lactose and sugar etc. These spheres are the core material on which active pharmaceutical ingredients (API) or drug layers are coated. They can be filled into capsules with actives compressed into tablets, ensuring accurate drug delivery.

Our Offerings

Mannitol Spheres

Calcium Carbonate

Sugar/Starch Spheres

Tartaric Acid Spheres

Citric Acid Spheres

MCC Spheres

Silica Spheres

Size Chart

Particle size in Micron	Particle size in ASTM
125-250 μ	60-120 #
180-300 μ	50-80 #
250-600 μ	30-60 #
600-850 μ	20-30 #
850-1000 μ	18-20 #

A large, vertical image on the left side of the slide. It shows several green, oval-shaped capsules, each filled with small, white, spherical granules. The capsules are arranged diagonally, with some in the foreground and others slightly behind. The background is a solid green color. A small green circle is visible in the top left corner of the image area.

Nutraceuticals & Food

Umang Global is a manufacturer and provider of a wide variety of encapsulated ingredients.

We excel in creating customised solutions that are adapted to your specific needs, allowing you to set new standards with modern solutions.

Our advanced encapsulation process protects your actives from environmental influences like heat, moisture, and pH, allowing them to reach their full potential in the intended target area.

Engineering

Umang Global holds the most advanced technology in the world for producing oral thin strip equipment, granules, and pellets of uniform size.

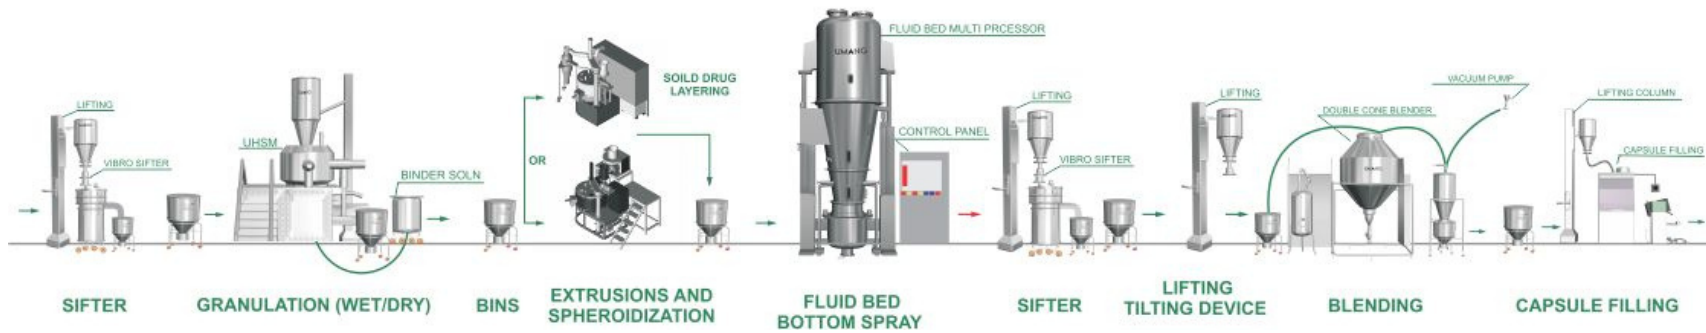

Applications for our equipment can be found in the food, cosmetics, fine chemicals, pharmaceutical, and personal care industries.

Our pellets-to-fine micro pellet size processing and continuous plant solutions offer:

- Unequalled particle/powder processing efficiencies
- Reduced waste and rework
- Suitability for heat-sensitive products

Our Offerings

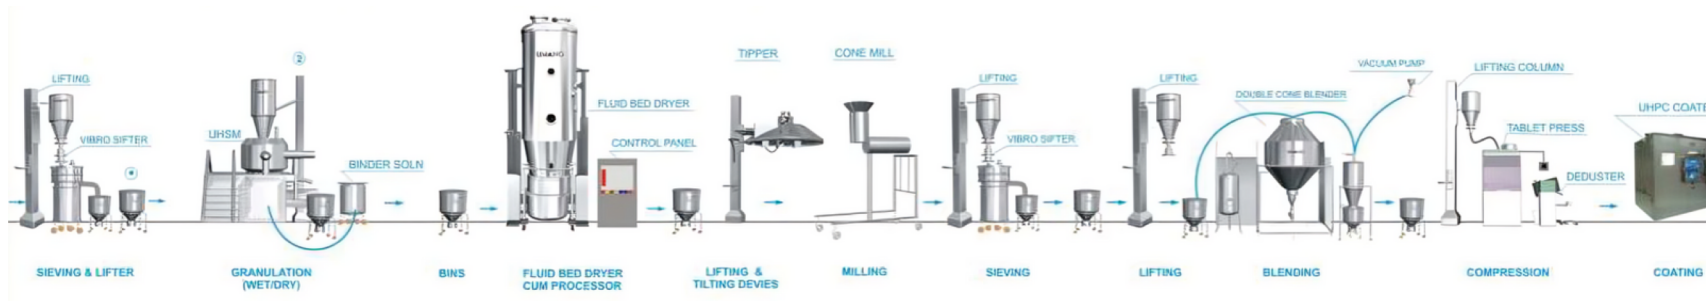

Umang Global provides unmatched pellets-to-micro pellets / uniform particle size maximizing results, the highest return on investment, and streamlined manufacturing solutions.

Customized Projects

- ✓ Iodine Coated Beadlets for salt fortification
- ✓ Iron Coated Beadlets for salt fortification
- ✓ Ashwagandha and Green Tea Water Soluble Beadlets
- ✓ Menthol Encapsulated for Talcum powder
- ✓ Menthol Actifilms (Cooling Crystals) in High Water Content
- ✓ Hyaluronic Acid 75 % Beadlets
- ✓ Simethicone 50 % Beadlets
- ✓ Vitamin E 50 % Beadlets
- ✓ Pancreatin 90 % - 40000IU Activity (Type Creon)
- ✓ Curcumin 90 % Pellets
- ✓ NADH Pellets (Made with coated NADH for shelf life Ext.)
- ✓ Edible Glitters for Chewing Gum
- ✓ Floating Amino acid for protein supplements
- ✓ Catalyst pellets for atomic research

Customized Projects

- ✓ **Ginger Garlic Enteric coated for Capsules**
- ✓ **Flavour granules for tea bags**
- ✓ **Vitamin C Effervescent Granules**
- ✓ **Mouth dissolving granules for sachets**
- ✓ **Encapsulated fragrance beadlets for home care applications**

Our Strength

Umang Global Group is a well-equipped manufacturer; we stand behind every product we sell. Not only do we strive to provide the best product for each and every application, but we also test, evaluate and maintain our products to assure our client satisfaction and needs.
